**UNFINISHED BUSINESS:**

Committee Reports:

Stations - Garage doors are repaired at both stations. the department is looking at

remodeling the shower at station 2 and converting a utility closet into a second shower to accommodate the increased crew. Also looking at removing the closets in the meeting room to accommodate the ladder truck.

Apparatus - Trucks PM in progress and annual testing for ground ladders.  
Chief Vontz reports a good final inspection on the ladder truck, looking at delivery in late February or early March of 2026. Neighborhood tree trimming in progress. Also looking at adding metal storage buildings to house the 2 high-water vehicles. Discussed spec ordering the tanker so it probably would not arrive until the end of 2026 which gives more time to save toward the payment. However, we would need the total price to remain close to the \$500k discussed in the October 23, 2025 meeting. We would ask for an extension from the Texas Forestry Service on the \$300,000 grant.

### **NEW BUSINESS:**

Safe D Conference for ESDs will be in San Antonio January 28th - 31st of 2026. Chief Vontz has made reservations at the Marriott River, the host hotel, and would like at least 3 board members to attend. Zach, Curtis, and Del volunteered.
